POFILE

After 4 years of working in the field of architecture, I have gained skills and knowledge of the development of a technical part of architectural documentation. After 2 year employment as a designer in one of the largest architectural firms in Belarus, I have achieved extensive knowledge of planning interior spaces. My ability of finding an individual approach to each client and addressing issues with builders and contractors in a constructive way during projects allows me to monitor projects from the stage of design planning to the implementation of an entire project. My main goal is professional growth and happy clients.

EDUCATION:

- 2012-2013
BELARUSSIAN NATIONAL TECHNICAL UNIVERSITY(BNTU):
Master Degree in Architecture
- 2006-2011
BELARUSSIAN NATIONAL TECHNICAL UNIVERSITY(BNTU):
