

CV - 2024

Wenla Nwajei

13.06.1998

I am a contemporary design (MA) student at Aalto University. I am a true jack of all trades and a quick learner. I get inspired from every day aesthetics and am driven by new experiences and challenges. I have a self-imposed way of working and navigating through challenges. However, in the end of the day I am a huge team player and love to share the joy of success with others. Finnish is my native language.
